REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: although the prior art suggests the use of external metal oxide particles for the toner, the art does not provide sufficient motivation to combine the specific photoreceptor and toner of the instant claims in the imaging process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
